Nancy Almendras

FEA Europe Area Director

My background in representing teachers as District Representative in the Okinawa District and Heidelberg District, as a local union officer, and my current front line position as FRS at Wiesbaden HS in Kaiserslautern District II, my active participation as your delegate at the FEA-NEA Representative Assemblies and as part of the NEA Diversity Cadre at a national level, gives me the experience necessary to successfully represent your concerns as FEA Europe Area Director.

I am transparent and have a record of addressing difficult issues with management. I have represented many members who attest to my willingness to advocate on their behalf and to help them with EEOs and writing grievances. I would like to continue to advocate for teachers; we are the experts in education.

Kubasaki, Wiesbaden High School FRS: 14 Years
